INTRODUCTION

The "Directory of Alberta Government Libraries" is produced by the Cooperative Government Library Services Section, Legislature Library, on a semi-annual basis.

It includes, as did previous editions, government libraries situated throughout the province.

Statistics have again been tabulated on the number of libraries and library personnel within the provincial government.

This edition is based on information compiled in June 1981. Additions and changes will be included in the Alberta Government Libraries' Newsletter, issued the first week of every month. The next update is planned for January 1982.

Please notify the Cooperative Government Library Services Section, Alberta Legislature Library, Edmonton, 427-3837 of additions and changes.
